**Avia Health Informatics Plc
("Avia" or the "Company")**

Two resellers appointed to sell Odyssey product range in Nigeria

Avia (AIM: AVIA), the AIM-listed developer and provider of clinical decision support systems, is pleased to announce the appointment of two new resellers, AB Informatics and DeMiTAG Health Concepts, to sell the Odyssey range in Nigeria:

AB Informatics a United Kingdom registered company set up to service the health care sector in Africa and they are committed to the supply and maintenance of functional and accessible clinical information solutions and platforms in Africa. They support clients in delivering systems that can improve overall care quality and financial performance, which now includes Odyssey.

Ayo Bamgboye, Director of AB Informatics, commented:

"AB Informatics is delighted to be appointed as Avia Health Informatics reseller. We are always looking for companies with a distinctive track record in the development of high quality clinical solutions that can support clinicians and health practitioners' decision making..."

DeMiTAG HealthConcepts Limited has branches in Abuja, Lagos and London with sales outlets in 36 of the state capitals of Nigeria. Their vision is to transform the Nigeria health care sector to what is obtainable in developed countries by supporting governments, non-governmental organisations, corporate bodies and individuals in the acquisition of health information management tools.

Babajide Alabi, CEO of DeMiTAG HealthConcepts, commented:

"We are delighted to be appointed Odyssey reseller... with the Nigerian government's recent efforts at revolutionising the health care sector, the introduction of Odyssey will go a long way in complementing these efforts. Our clients are upbeat about how much Odyssey would contribute to their health services and delivery. We are excited too."

Barry Giddings, Chairman for Avia, commented:

"We are very pleased to have both AB Informatics and DeMiTAG HealthConcepts on board as resellers into the Nigerian territory and we are confident by continuing to build our international reseller network this will lead to further global sales of the Odyssey product range."

About Avia Health Informatics Plc

Avia is a developer and provider of clinical decision support systems. Its Odyssey product range is used by clinicians and non-clinicians in various environments around the world to provide effective pre-diagnostic healthcare support, increasing the levels of patient care while delivering operational efficiencies. The delivery of Odyssey can be in a static or mobile environment from a PC, laptop, tablet or mobile device, with clinical content, training and services delivered via the web.

Avia's partners provide market reach into geographies outside of the UK, including the United States, Europe, Africa and Australia.

The Odyssey range is built on a common medical content database which has been developed over the past 15 years. Odyssey is continually updated, tailored with question and answer sets and has a user interface adapted for the particular user groups and the environment in which it is used.

Environments include prisons, ships, call centres, GP out of hours, walk in centres, care homes, pharmacies and other clinical and non-clinical environments.
